

# JAPS GETTING RUSSIANS IN A POCKET PARKER NOTIFIED OF HIS NOMINATION

## MADE A STRIKE ON BEACH.

Miners Are Washing Out About \$52 a Day.

Gold Appears to be Plentiful at Sand Point.

SAN FRANCISCO, August 10.—The fishing schooner Pearl, Captain Soderholm, arrived today, fourteen days from Alaska. She comes from the new gold strike at Sand Point, the existence of which was made known to the community two weeks ago by the schooner John D. Sireckels.

## S. P. TO BUILD

Company Will Push the Road Into Mexico.

LOS ANGELES, August 10.—According to the Times, the Southern Pacific Railway Company is shortly to commence construction on a project of line of railway, running a distance of forty miles through Mexican territory and traversing the Colorado river delta country in Mexico.

The Southern Pacific at present operates a branch of its main line from Old Beach, California, southward through what is known as the Imperial Valley, to Calexico on the International boundary between Mexico and the United States.

The new line has a concession from the Mexican government and will run from Calexico eastward and northward through Lower California to a point forty miles distant on the International boundary line, thence connecting with the main trans-continental line of the Southern Pacific again at E. Rio, California, about five miles west of Yuma.

## DICK CALLS.

CHICAGO, Aug. 10.—Among the callers at Republican National Headquarters today was Charles Dick of Ohio. Senator Dick came to have a talk with Secretary Coker. He says of the situation in Colorado:

"It would be idle to deny that the labor troubles have affected the situation, but they have not, in my opinion, jeopardized the Republican cause in that State."

## TRYING TO TRAP GENERAL

Japanese Endeavoring to Pocket the Russian Leader.

Kuropatkin May Not be Able to Beat a Retreat.

ST. PETERSBURG, Aug. 10.—A nervousness over the situation at the front seems to be increasing since the occupation by the Japanese of the Wolf's Hill, before Port Arthur. It is added that the besiegers have an elevated position, whence emplaced guns can command the fortress, and while still professing confidence that General Stoessel will be able to hold out with his comparatively small garrison against the enormous number of the attackers and their evident disregard of men, as indicated by the reckless manner in which they stormed the outer positions, the state of affairs creates more apprehension than the war office or admiralty care to acknowledge.

Similar misgivings exist regarding General Kuropatkin's position, the advantages of the new Japanese base at New Chwang in greatly simplifying the problem of provisioning their army being fully realized.

It is the report that the Japanese are working up westward of the main army, which occasions the greatest uneasiness. The rumor that they are moving up towards Sumitran, a short distance west of Mukden, from New Chwang is generally believed.

With the Japanese cordon tightening south and east, a column threatening the Russian line of communications in the rear toward Mukden, the appearance of the Japanese on the other side of Mukden would almost pocket General Kuropatkin, if he has resolved to accept battle with his whole army at Liao Yang. Shrewd military tacticians are extremely doubtful whether General Kuropatkin could now withdraw, even if he so desired.

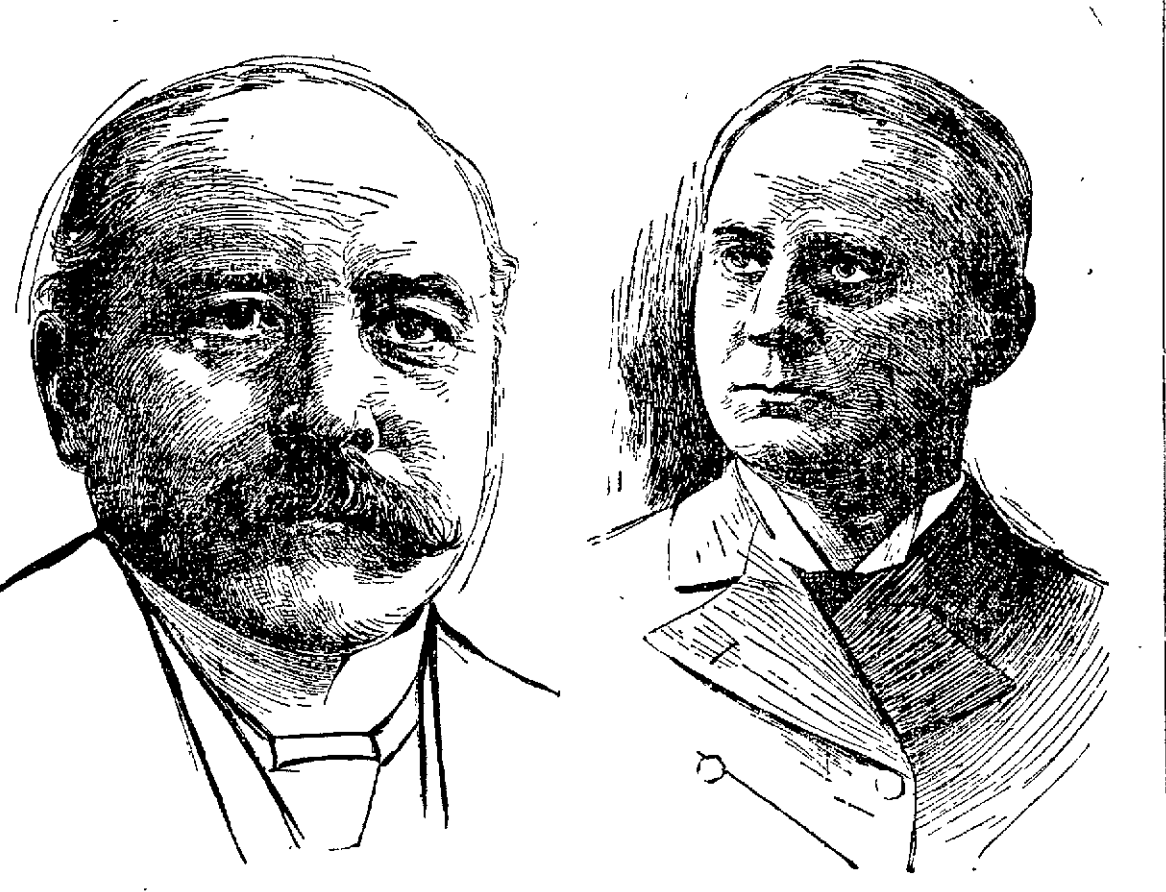

Another alarming feature of the situation in connection with the Japanese western column is the report that it includes many Chinese who are Japanese subjects from the island of Formosa, whose influence on the local Chinese and the soldiers of General Ma and Viceroy Yunsbaek is feared.

## COMPERS WILL TRY FOR PEACE.

LABOR LEADER WILL GO TO CHICAGO ON BEHALF OF STRIKERS.

CHICAGO, August 10.—As an evidence that the strikers are anxious to bring about a peace conference and to end the strike, they have solicited the intervention of Samuel Compers, president of the American Federation of Labor. Mr. Compers will arrive here Sunday morning and will, with President Donnelly and other strike leaders, immediately go into negotiation to canvas the entire situation. It is said to be the desire for Mr. Compers to act as a mediator and to his utmost to arrange a meeting with the representatives of the packers.

## JUDGE PARKER TALKS ON THE ISSUES OF THE CAMPAIGN.

## Notified of His Nomination by Champ Clark—Rain Pours While the Candidate Talks.

ESOPUS, N. Y., August 10.—Judge Alton B. Parker was today formally notified of his nomination as the candidate of the Democratic party for President.

The ceremony occurred on the lawn of Rosemont, his handsome country home, and in addition to the members of the nomination committee and many prominent men of his party, hundreds of the candidates' friends and neighbors assembled to witness the event.

The weather was not auspicious. The sky was overcast and threatened a downpour but in spite of these unfavorable signs it was decided that the ceremony should be held on the grounds instead of on the boat which brought the notification committee and its guests from New York.

Before Representative Champ Clark had concluded his formal address the rain began to fall fiercely but Judge Parker stood bareheaded in the shower and received from Mr. Clark's hands the official letter which informed him of the action of the St. Louis convention.

THE START.

NEW YORK, August 10.—With flags flying and the band playing the steamboat Sagamore left the Twenty-second street pier at 8.15 today, carrying 325 persons to Esopus to formally notify Judge Alton B. Parker that he has been nominated for President by the Democratic convention. A drizzling rain was falling and the gaiety of the occasion was somewhat marred by the inclement weather. The members of the party were hopeful, however, that the weather would clear up by the time the boat reached Esopus, which would be about 2 o'clock.

The notification committee, the members of the national committee and many other prominent Democrats were guests of the State Committee on this occasion. Nearly every prominent Democrat within reach was invited. Many of them by train.

THE VISITORS.

Some of those who went to Esopus today were Champ Clark, Cord Meyer, Thos. Taggart, Wm. F. Sheehan, Chas. F. Murphy, Senator Jos. W. Bailey, of Texas, Patrick H. McCarren, John G. Carlisle, Marcus A. Smith, of Arizona, Norman E. Mack, Perry Belmont, Geo. Foster Peabody, Treasurer of the National Committee and a large contingent of local democratic leaders.

RAIN POURS.

ESOPUS, N. Y., August 10.—Notification day, the greatest day in the modern history of Ulster county, arrived with a pouring rain, which set in just at daylight and confounded the prophecies of those who had faithfully promised Judge Parker ideal weather conditions when he was to receive formal notification of his selection by the Democratic National Convention as its nominee for President of the United States.

The unpropitious weather and the comments of Judge Parker's family and the guests were received by the Judge himself with a smile.

There was an unusually large gathering at breakfast at Rosemont, and the table, at whose head Judge Parker sat, had about it practically all of his immediate relatives. Besides his own family and that of Mrs. Charles M. Hall, his son-in-law, here were present Mrs. John H. Parker of Derby, Conn., the Judge's mother; Mrs. Alfred Tanner of Kingston, sister of Mrs. Parker; Mr. and Mrs. J. A. Miles of Derby, brother-in-law and sister of Judge Parker; Mrs. Daniel Manning of Albany, widow of President Cleveland's first Secretary of the Treasury, and Dr. Riehoff, the German Consul at St. Louis, who is visiting Mr. and Mrs. Hall.

THE WEATHER.

It was announced that unless the weather cleared the notification ceremony would take place on board the steamboat Sagamore. It appeared, in fact, that the boat had been engaged. On account of the rains the grounds and porch of Rosemont were comparatively deserted.

The only new-comers that arrived up to 10:30 o'clock were V. J. Dowling of New York and Mr. and Mrs. George F. Neidlinger. The Neidlingers have the old Astor place near Rosemont and are friends of Judge and Mrs. Parker.

HILL'S P. A.N.S.

Former Senator David B. Hill sent his secretary down from Albany on the early train. Secretary Manwell, who was accompanied by M. A. Delaney of the Democratic State Headquarters at Albany, was met at the Esopus station by the Rev. Charles M. Hall and driven to Rosemont. He carried a huge box of flowers from Senator Hill for Mrs. Parker. These were placed in two vases, one in the reception room and the other as a centerpiece on the dining-room table, and nearly everybody in the house was called upon for an opinion as to what the flowers were. Nobody knew. They were yellow with large petals. They were picked at dawn from the vine where they grew at Senator Hill's place at Wolfert Root.

Mr. Hill's secretary brought word that the Senator would leave Albany on the 10:30 o'clock train and the engineer of Judge Parker's launch was directed to meet him at Hyde Park.

The early mail brought a letter from Corresponding Secretary Maxwell Edgar, of the Irons Club at Chicago, saying

that the president of the organization, James Gunther, would attend the ceremony with two or three other members.

The earliest visitors from a distance were Col. O'Sullivan and his daughter, who came from New Orleans to be present at the notification.

INFORMALITY.

The informality of the proceedings to come was exemplified by the absence of any visible preparation of ceremony at Rosemont. No request was made for police protection.

Expecting that the day would be fine and that a crowd would flock to the ceremony on the lawn, Deputy Sheriff Webster of Kingston, volunteered to bring up a few deputies and have them in readiness in case the press about the speaker's stand made their assistance desirable. The offer was accepted with thanks by Secretary McCausland, but there was little need of even the presence of civil authorities.

The only police officer or detective on the place during the morning was Chief Humphrey, of the New York Central detective force, to look after the railroad end of the affair.

At 11:30 the rain had nearly ceased, turning to a fine mist, but the clouded sky showed no break.

RAIN STOPS.

At 12:30 the sky, which had considerably lightened after the rain stopped, became dark and lowering and the speechmaking will probably have to be made on the boat. The steamer Sagamore, bearing the delegates, was sighted from Rosemont at 1:05 p. m. and reached Rosemont wharf at 1:15.

The West Shore train arriving just after noon brought Representative Bourke Cockran and a Tammany delegation. The party went to Wm. F. Sheehan's house for luncheon. About the time dinner and bunting began to appear along the veranda at Rosemont.

DELEGATIONS.

The Chicago delegation arrived about 1 o'clock and included John A. King, president of the Dearborn Bank, as chairman; Frank Dowling, candidate for Secretary of State of Illinois; Preston Harrison, brother of Mayor Harrison, and candidate for Congress.

This delegation brought a message to Judge Parker from Mayor Harrison to the effect that he was reluctantly obliged to forego the pleasure of attending the notification ceremonies largely on account of the great strike in Chicago.

## CAN FIGHT FOR THE FLAG.

Printers Are Not Debarred From Joining Militia.

They Can Go to the Front and Fight For Country.

ST. LOUIS, August 10.—The convention of the International Typographical Union today resumed consideration of the lengthy report of the committee on laws. When President Lynch had called the convention to order he read a telegram from Samuel Gompers of Washington, D. C., president of the American Federation of Labor as follows:

"The constant progress, the excellent growth and expanding power and influence of the International Typographical Union, protecting and promoting the interests of members of the craft, is the source of the greatest gratification to all. Accept and convey to the officers and delegates my heartiest fraternal greeting and sincerest congratulations, as well as highest hope and anticipation for the greatest possible harmony and success of your great institution."

An animated discussion arose over the committee's recommendation that the proposition to amend section 124 of the general laws be not adopted. The amendment provides that when a strike has been inaugurated under the provisions of sections 116, 117 and 118 the executive committee should remit to the order of the president and secretary of the union involved for a period not exceeding eight weeks an amount equal to \$7 per week for each member entitled thereto.

On the first ballot, by a vote of 79 to 17, the committee report was voted down. President Lynch then addressed the convention and explained that he did not think that the Steiropoulos Union would stand for an additional assessment which would be necessary if the proposition was adopted. President Lynch won over the convention and a vote of 119 to 35 the unfavorable report of the committee on laws was concurred in by the convention.

Considerable discussion developed on the unfavorable report of the committee on laws on the proposition to add a new section to the general law governing jurisdiction and charters. The proposed section provides that in no case shall a charter be issued unless the scale of wages is at least \$15, eight hours per day for job work; \$18 per week, 8 hours a day, or less for machine work.

At one time it looked as if the sentiment was against the unfavorable report of the committee, but President Lynch again, by his persuasive manner, won over the convention. With hardly a dissenting vote the motion to concur in the unfavorable report of the laws committee in rejecting the proposition, was carried.

The consideration of the law committee's report was resumed. The proposition under consideration was one to the effect that no member of the International Typographical Union shall enlist in the service of any State in the United States as a state guard, militia or ranger, under the penalty of expulsion and being barred from re-instatement. On this proposition the committee on laws had reported unfavorably. As sentiment against this unfavorable report arose in the convention, Delegate Anderson, of Macon, Ga., chairman of the committee on laws, jumped to his feet, when, in a patriotic address, he quoted the line "Is there man with a soul so dead, who never to himself hath said, this is my own, my native land," the climax was reached. Cheers resounded through the hall and by an overwhelming majority the convention decided that nothing should be done to prevent members of the International Typographical Union from fighting for the stars and stripes.

TRUSTEES ABSENT.

SAN JOSE, Cal., Aug. 10.—Owing to the absence of Trustees White and Hale only the regular routine business was done at the meeting of the Agnews Asylum Trustees this morning. There are at present 1,066 patients in the Asylum.

CATHOLICS MEET.

ST. LOUIS, Aug. 10.—The Catholic total abstinence national convention met today. After a business session lasting half an hour the convention took a recess until this afternoon.

## POWERS GETTING WORRIED

Do Not Want Uncle Sam to Use Force on Sultan.

May Take a Hand and Force Turkey to Act.

WASHINGTON, Aug. 10.—Officials of the State and Navy Departments conferred today regarding the orders to be given the American European squadron when it arrives at Smyrna.

The naval officials in answer to the inquiries of the State Department, estimated that Admiral Jewell's fleet would arrive at Smyrna by tonight.

There are signs here that the signatory powers to the treaty of Paris are beginning to take active interest in the policy of the Washington Government toward Turkey. They have reason to dread any disturbance of the balance of power in Southern Europe, at this time and it is believed that they are willing to bring influence to bear upon the Sultan to induce him to acquiesce in the American demands rather than force the issue to a point where the use of actual force might be regarded as actually necessary by the American Government.

## SOEDER TO HANG

Date of His Execution is Set for November 4.

SAN FRANCISCO, August 10.—Leon Soeder will hang on Friday, November 4, at San Quentin, unless he gains expected respite from the Supreme Court. Judge Cook of the Superior Court today set the date and signed the death warrant.

The condemned murderer was found guilty of having taken the life of his brother-in-law Jos. Blaise on the night of January 10, 1904.

## CONDUCTOR UNDER WHEELS

**Albert Hawkins Terribly Injured in An Accident.**

WILLITS, Cal., Aug. 9.—Albert J. Hawkins, a conductor on the California & Northwestern Railway was seriously injured here this afternoon. He was standing on a flat car while the train was moving along rapidly and a sudden application of the airbrakes threw him between the cars and under the wheels.

He was dragged some distance before being missed and when picked up was unconscious.

He was brought to this place on a special train and found to have suffered several scalp wounds beside having one foot nearly severed and several minor bruises.

## GOVERNOR GOES NORTH

**HE WILL LOOK OVER THE FIELD FOR THE EXPOSITION.**

SACRAMENTO, August 9.—Governor Pardee made an announcement today that he will leave tomorrow evening for Portland, Ore., where he goes to look over the grounds of the Lewis and Clark Exposition.

California's last Legislature appropriated \$20,000 to make an exhibit at the Exposition. Governor Pardee will be the guest of the Portland citizens while he is in the Oregon metropolis.

## BODY FOUND IN THE RIVER

STOCKTON, Cal., August 9.—The body of an unknown man, found floating in the San Joaquin river last evening, in a bad state of decomposition, was brought to the morgue this morning. Nothing has been discovered that might disclose the identity of the deceased.

## STRIKERS ARE RESTRAINED

ST. LOUIS, Mo., August 9.—Judge Reed, in the Federal Court today, granted an injunction restraining the strikers at the Cudahy plant from interfering in any way with the operation of the plant. About 1000 strikers are restrained individually.

## STEREOTYPERS MEET.

ST. LOUIS, August 9.—The International Stereotypers and Electrotypers' Union is holding a six-days' session here.

The eight hour question is one of the leading subjects under discussion. Officers for the ensuing year will be elected.

## PLEADS GUILTY TO MANSLAUGHTER

SANTA ROSA, August 9.—This morning Henry Maximilian pleaded guilty of manslaughter in Judge Burnett's court and was sentenced to ten years in San Quentin prison.

## PRIMARY ACROSS THE BAY

**O'Brien's Forces Hope to Down M'Nab's Men.**

SAN FRANCISCO, Aug. 9.—The primary election here today is being bitterly contested.

There is a battle royal in the ranks of the Democracy.

On the one side is James O'Brien and his followers who declare that they want to purify and reform the Democratic party.

Opposed to them is John M'Nab, who has been in charge of the Democratic machine here for some time.

Charges of illegal voting are made by both sides, and the contest is waxing warm.

Claims are made that the ballot boxes have been stuffed.

O'Brien declares that they are trying to have an honest primary, and that the opposition has been constantly crying "fraud" while they themselves are dumping illegal votes into the ballot boxes.

It is impossible to say at this writing who will be successful at the polls today.

## WILL LOOK AFTER RIVERS.

SAN FRANCISCO, August 9.—The Board of Engineers appointed by the Commissioner of Public Works of California, as a result of the river convention held in May last, met and organized today.

Major T. G. Dabney, of Clarksville, Miss., heads the board and associated with him are Major E. B. Richardson, of New Orleans, La.; H. M. Chittenden, member of the United States Engineer Corps, and M. A. Nurse, of Sacramento. An examination and study of all the literature that has been accumulated on this subject and all the details contained in the various reports of surveys and measurements of these streams and their tributaries that have been made at different times by various engineers and others was begun.

## MISS GEARY PASSES AWAY

SANTA ROSA, Cal., August 9.—This morning Miss Marian Geary, eldest daughter of former Congressman Geary, died at the Grady country home, Inverness, Marin county. She had been ill for six weeks.

## CHANGE IN THE POSTAL LAWS

WASHINGTON, August 9.—Postmaster General Payne has amended the postal regulations, to take effect at once, so as to permit of the elimination of all weight restrictions on first-class mail matter addressed to all countries except Canada, Mexico and Cuba, to which the domestic privileges already apply.

This action is the result of urgent representations, largely by banking interests, who want to send securities abroad in this way.

## LOST JEWELS FOUND

**Mrs. Ogden Goelet Left the Gems in a Safe.**

NEW YORK, August 9.—The detective agency engaged in the search for the \$200,000 worth of jewels said to have been lost by Mrs. Ogden Goelet has issued a statement in which they say the jewels have been found in Mrs. Goelet's safe in this city.

## ENDURANCE OF THE AUTO

**NEW YORK, August 9.—F. A. Laroché completed today his 3000 mile endurance trip to and from St. Louis in an automobile.**

When Laroché reached the clubhouse from which he started on his record-breaking trip, the engine of his big touring car had revolved without a stop for fifteen days and two hours, and he had covered 3450 miles and had exceeded the previous world's non-stop record by more than 1400 miles. The best previous performance was a continuous run of 2013 miles, made by D. M. Wiegell in England.

## GIVEN DIVORCE FOR DESERTION

A decree of divorce was granted Kate Webster yesterday by Judge Melville from Dr. F. F. Webster on the ground of desertion. They were formerly residents of Sunol but it is alleged by Mrs. Webster that her husband left her a year ago and went to San Francisco.

## WILL CONTEST YOELL

SAN FRANCISCO, August 9.—The children of the late Alexander Yoell, by his first wife, have decided to contest his peculiar will and will fight for a share of the large estate on the ground that the testator was of unsound mind when the document was drafted. Papers in contest were filed today in the County Clerk's office by Gertrude Yoell, Beatrice Ethel Yoell and Emily E. Yoell.

An unusual feature of the contest is that John H. Yoell, a son of the deceased, who was cut off in the will for the alleged reason that he had been advanced sums far in excess of any share that he might have in the estate, is the attorney for the contestants.

## WALTER SQUIRES PASSES AWAY.

Walter E. Squires aged 21 years, died at his residence on Piedmont avenue, near Oakland avenue, yesterday. He was a native of this State. He had resided in Petaluma for many years. The remains have been forwarded to that place for interment.

## PROF. M'ANENEY IS PRESIDENT.

**HE WILL PRESIDE OVER THE THEOLOGICAL SCHOOL AT BERKELEY.**

At the recent annual meeting of the Board of Trustees of Berkeley Bible Seminary, Rev. W. M. White of San Francisco, Rev. A. C. McKee of Fresno and Rev. A. C. Smith of Los Angeles were elected trustees. The Board consists of nine members, three of whom retire each year. The holders of the office are Prof. A. M. Elston, Berkeley; Lyman McGuffee of Saratoga; Prof. S. Sturges and Hon. E. A. Bridgford of San Francisco; Prof. H. D. McAneney of Oakland, and Prof. W. H. Martin of Santa Barbara.

At this meeting Prof. H. D. McAneney was unanimously elected President of the Theological Seminary at Berkeley. President McAneney received his literary training in Drake University, Des Moines, Iowa, graduating in 1890 with the degree A. B. Subsequently he took post graduate work in the same institution and received the degree A. M. For the last eleven years he has been actively identified with the educational interests of the Christian Church in California.

He was established eight years ago and has consequently grown in strength and influence throughout the State. Its endowment is being rapidly increased. It is expected that a splendid new seminary will be erected in the near future for the increasing needs of the school. The success of the school during the past years, under the efficient management of Dean Van Kirk, was the greatest in the history of the institution.

**STALWARTS GO TO COURT.**

MADISON, Wis., August 9.—The Wisconsin Supreme Court today issued an order giving the "Stalwart" faction of the Republican party of the State authority to bring suit against Secretary of State Hoar to restrain him from placing the names of the La Follette party on the ticket for the regular party under the designation of "Republican" and compelling him to place "Stalwart" on the ballot under the designation of Republican.

## CHINESE TO FIGHT RUSSIA

**Kuropatkin Declares He is Ready to Fight.**

LIAO YANG, Saturday, August 6 (Delayed in transmission).—General Kuropatkin is ready to defeat the Japanese plan for cutting off Liao Yang. The Japanese forces are concentrated in three groups—the first at Simou-heng, Hailong and New Chang, the second threatening Lian Dian Shan and Liao Yang and the third threatening Sitsayan, Liao Yang and Mukden.

According to Chinese reports, the Japanese are massing in the direction of Saitama, evidently flanking Liao Yang and a strong column ascending the Liao Valley from New Chang also for the purpose of flanking Liao Yang.

A reliable Chinese merchant declares this column includes ten thousand Chinese, Japanese subjects from the island of Formosa. This most welcome development may bring Chinese reinforcements to the Japanese. It is a good to tell a Formosan from a Manchurian.

## TRIED TO KILL A HOT BIRDS AND COLD BOTTLES.

**STAGE CARPENTER IN TROUBLE IN SAN FRANCISCO.**

SAN FRANCISCO, August 9.—J. E. Toohay, stage carpenter at the Chutes in detention at the city prison on the charge of assault with intent to commit murder.

The complaining witness is Mrs. M. Labarere, who conducts a lodging house at 12 Turk street.

She says that an early hour today she found two men roaming about the lodging house and that when she asked them what was wanted one of the two drew a revolver from his pocket and fired two shots at her.

## LAMONT SEES PARKER.

ESOPUS, N. Y., August 9.—Daniel S. Lamont and Judge George Gray, today their wives, arrived at Romeau today to see Judge Parker.

The visit was the source of much political interest. It is understood here today that in addition to the reformation committee and a large number of visitors from Kingston and New York there will be present at the dedication ceremonies several notable Democrats, members of the National Committee and others, including former Senator David B. Hill and Senator Bailey.

## STRIKERS TAKE A NEW TACK.

**THREE HUNDRED PICKETS ESTABLISH BLOCKADE IN CHICAGO.**

CHICAGO, August 9.—With an army of more than 300 pickets, the ice wagon drivers and helpers' union today established a blockade of the retail and cold storage meat market by means of Chicago. The determination to extend the strike to the cold storage warehouses came as a distinct surprise to the packers and this was accentuated by the ice car helpers, who today declared an intention not to handle ice for any dealer who patronizes the strike-affected packers.

Adding to the complication came a declaration today from the business agent of the Market Wagon Drivers' Union that his men would have nothing to do with meat which the ice wagon drivers refused to carry.

Vice-President Rath of the Packing House Teamsters' Union, today gave out a list of dealers, whom he declared his men would have nothing to do with, and the union ice wagon drivers would, under union orders, refuse to deliver ice.

**LITTLE ODDITIES.**

An opponent of Russ writes to a foreign newspaper: "There were at least four great Tartar thrones, each standing on the ruins of other thrones. These thrones were the thrones of Moscow, Constantinople, Delhi and Peking. At Moscow the Tartar calls himself Christian, at Constantinople Mussulman and at Peking Buddhist; but his spirit is always the same, and we know what it is. It is east and south and west the Tartar re-stated and the only country that flung him back into his native barbarism was Japan."

Then he goes on to argue that Russia is itself a yellow peril.

Sir Oliver Lodge, an English naturalist, has lately called attention to the curious fact that during a thunderstorm a glow worm distinguishes its light for a second or a second and a half before each flash, righting at an equal interval after the flash.

"Chauveur's wrist," like "housemaid's knee," threatens to become one of the pet ailments of civilization. The disease may arise from her hand being jerked by a premature explosion when the automobile is being started.

## PAD VISIT TO SENATOR VEST IS DEAD.

**MORO CHIEFS CALL ON THE EXECUTIVE AT WASHINGTON.**

WASHINGTON, August 9.—Picturesquely, but quite adequately garbed, a party of eight Moro and Igorrote chiefs, constituting a part of the Philippines exhibit at the St. Louis Exposition, today paid their respects to President Roosevelt at the White House. The exchanges between the chiefs and the President were informal but happy in their tone.

Through Antero, a bright 15-year-old Igorrote boy, who acted as interpreter, the Moro dattos and Igorrote chiefs expressed their pleasure at being received by the President and told him he might depend upon their loyalty to the American Government. President Roosevelt, after shaking hands with each one of his little brown visitors, replied that he was glad of the opportunity to greet them, to welcome them to the National capital, and to assure them that the American Government desired to promote their welfare, prosperity and contentment. As the President's kindly expressions were interpreted to them by Antero, the dattos and chiefs nodded their heads in approval and expressed their thanks.

## HOT BIRDS AND COLD BOTTLES.

**CONTRIBUTED TO MAKE THINGS LIVELY AT A BERKELEY FIRE.**

BERKELEY, August 9.—Hot birds and cold bottles at 2535 Bancroft way last night. This and it imply that a feed was in progress, but clearly tells the story of the fire that broke out in the flat occupied by Mrs. E. H. Price.

The family was about to retire last night when smoke was seen issuing from the gas range that had just been extinguished. Several bottles of syphon water were played on the blaze but to no effect. After the volume of smoke increased a messenger was dispatched to the Market fire house and a still alarm was rung in.

When the firemen arrived they tore out the grate, and found a nest of young sparrows. A number of the young birds were found burned to a crisp.

## EDITOR'S BODY FOUND IN LAKE.

ST. LOUIS, August 9.—The body of S. A. Rieg, editor of the Girard Anchor, was found floating in the lake in Lafayette Park today. From a letter to his wife it is believed that he committed suicide. He was despondent because of a fear that he was losing his reason.

## DEAD AT THE PUEBLO MORGUES.

PUEBLO, Colo., August 9.—Complete returns from all the undertaking establishments in the city up to 2 o'clock this afternoon, materially reduce the dead list which, according to practically official figures, shows sixty-three identified and unidentified dead bodies. This figure will not be increased to any great extent as the finding of bodies has practically ceased.

## CLUB MEN

**WHAT DOES THIS MEAN IF BRIGHT'S DISEASE AND DIABETES ARE NOW BEING CURED BY FULTON'S COMPOUND?**

Late reports just received: B. S. Fowler, prominent druggist, Buffalo, N. Y., I have to report two recent cures of L. V. Drake, Diabetes, and Robert S. Colbrich, Bright's Disease."

E. T. Snow, 1815 Columbia ave., Philadelphia: "Mr. William Manley of our city has been cured of Bright's Disease by the Compound. He is to visit San Francisco in September and I have given him a letter to you."

Union Manufacturing and Agency Co., 355 Collins st., Melbourne, Australia: "We have four patients on the Diabetes Compound and in all the cases steady improvement is reported."

We last week published the remarkable report from Auburn, N. Y., that Mrs. R. Lester Bell of that city had just successfully passed an examination for life insurance. In May, 1902, she was in the Auburn Hospital, so swollen with dropsy as the result of chronic Bright's Disease that her death was expected hourly when she was out of Fulton's Renal Compound with the above happy result.

Recoveries in Bright's Disease and Diabetes are now so common that they no longer excite comment from our agents, who simply report the facts as above in letters to the world.

E. T. Snow is an ex-president of the A. S. Association of Philadelphia. The Union Manufacturing and Agency Co. is a prominent Melbourne concern, and Mrs. Bell is the wife of an Auburn business man.

Dr. S. Fowler's discovery is working up the whole country.

We again point to the world the curability of Chronic Bright's Disease and Diabetes.

About 87 per cent of all cases are curable by the Fulton compounds. Send for literature and list of agents. Jno. J. Fulton Co., 403 Washington street, San Francisco, sole compounders.

When to suspect Bright's Disease—puffy ankles or hands—weakness without visible cause—kidney trouble after the month—frequent urination—smoky urine—failing vision—drowsiness—smoky or more of them.

## PAD VISIT TO SENATOR VEST IS DEAD.

**HE PASSES AWAY.**

ST. LOUIS, Mo., August 9.—A special to the Post-Dispatch from Sweet Springs, Mo., says:

"After lingering for weeks between life and death, former Senator George G. Vest passed peacefully away today. He had been so near death for the past three days that the end came without a struggle. He was conscious until about 2 a. m. Sunday morning, when he sank into a state of coma, from which he never aroused. He lost the power of speech before that he talked very imperfectly and during the last thirty-six hours of his life his breathing was barely perceptible. The flutter of his pulse was all that showed that he still remained alive."

"At the bedside when the end came was his wife, Dr. Jarvis, the family physician, Senator Vest's son Alexander, his daughter, Mrs. Geo. Jackson and her husband, and Mrs. Thompson, a niece of Mrs. Vest."

"The remains will be taken to St. Louis this evening for interment, in the private car of A. A. Allen, vice-president and general manager of the Missouri, Kansas and Texas railroad."

## WAS KILLED IN WRECK.

**TALENTED SCULPTRESS OF SAN FRANCISCO AMONG THE DEAD.**

SAN FRANCISCO, August 9.—Among the identified dead in the terrible train wreck near Pueblo, Colo., is one Gertrude Boyle, who is believed to have been the talented sculptress of this city, but her relatives, despite the fact that she had written of her contemplated trip into the Grand Canyon, still have hope that it is only similarity of names that has given rise to such a belief.

## TROUBLE OVER A SODA DEAL.

**JOHN TAYLOR'S AFFAIRS LEING DISCUSSED IN THE SUPERIOR COURT.**

An echo of the old troubles of the Pioneer Soda Water Company was heard in the courts yesterday, when the trial of the suit of John D. Taylor against Mary J. Lohse, and Paul Lohse, his son-in-law, was begun before Judge Melvin Taylor claims that he lost \$2000, the value of forty shares of the Pioneer Soda Water Company, and wants to recover this amount from his daughter and her husband.

Lohse and his wife say that in order to help Taylor retain the controlling interest in the company they helped him raise \$2000 on forty shares of his stock by giving a mortgage on their home on Boulevard avenue as additional security. The money was spent to buy eighty shares of stock belonging to S. Lazar. Forty shares were returned to Taylor and the other forty were retained in Mrs. Lohse's name to secure them for the mortgage placed on their home.

The money was borrowed from Victor H. Metcalf and in due time he had to foreclose the mortgage in order to get his money back. The opposition in the company, headed by Otto, August and William Lang, also got control of things and asserted Taylor and out of the company and he lost his money. He now claims that he never got back any of the shares of stock bought by him, and he also claims that he was to be made secretary of the company at a salary of \$100 a month, but this was never done.

**NOTES ON BIRDS.**

A writer on flamingoes, which he has studied in their haunts in the Bahamas, says of them: "They are probably as near to the geese as to any other order of birds, having a similar structure of bill and feet and somewhat similar feather character. They are unique, however, in their curiously bent bill, which, though goose-like in general economy, is constructed in every detail upside down, as the bird in feeding reaches down to the bottom and places the top of the bill down. The tongue is also constructed in the same inverted way. The webbed feet are for sustaining the birds in the soft ooze they love to feed in, acting like snowshoes."

On the top of a diseased chimney in his back premises a man in Maldstone, England, observed a large cat endeavoring to reach a swallow's nest built on a projecting cornice of brickwork. The parent birds flew around the cat, endeavoring to drive it away. Not being able to do so they disappeared, returning in a few moments with nine other gawwings. These in a compact body charged the cat with such force as to almost dislodge it, and it hurriedly descended to a place of safety.

While two members of the British House of Commons were lunching in the restaurant of that body the other day a pigeon flew in at the window, and, after alighting on the floor, jumped on the table. It was evidently exhausted, and hungry, and eagerly took the food which was given it.

**ABOUT SNAKES.**

Snares may almost be said to have glass eyes, inasmuch as their eyes never close. They are without lids, and each is covered with a transparent scale, much resembling glass. When the reptile casts its outer skin, the eye scales come off with the rest of the transparent envelope out of which the snake slips. This glassy eye scale is so tough that it effectually protects the true eye from the twigs, sharp grass and other obstructions which the snake encounters in its travels, yet it is transparent enough to allow the most perfect vision. Thus, if the snake has not a glass eye, it may, at any rate, be said to wear eyeglasses.

# JOHN MITCHELL WINS IN FIFTH DISTRICT.

# M. J. LAYMANCE AT THE PRIMARIES.

**Defeats Geo. E. Randolph by 125 Votes in the Fiftieth Assembly District.**

The contest for the Supervisorial nomination in the Fifth district, which comprises sixteen precincts in this city and West Berkeley, was fought out yesterday in the Fiftieth Assembly district between Supervisor John Mitchell, who seeks re-nomination for his third term as a member of the Board of Supervisors, and George E. Randolph, who sought to wrest the position from him.

It was practically agreed between Messrs. Mitchell and Randolph that who ever should be successful in that assembly district would carry the Fifth Supervisorial district.

And such was the case, Supervisor Mitchell winning with a good majority in six out of the eight precincts in the district, with a grand total of 125 over Randolph, thus gaining the twenty-six delegates.

In the Forty-ninth Assembly district Mitchell's support went to J. J. Burke, a candidate for the Assembly, as against Morris Flynn, thus enabling Burke to win and gaining for Mitchell himself nineteen more delegates to the convention.

When to these are added the delegates from the West Berkeley district which were looked after by Harbor Commissioner Spear, Supervisor Mitchell had practically carried the main works in the district.

The fight was one of the liveliest which has taken place in Alameda county politics, and yet was won without causing hard feeling on the part of the vanquished or vindictive jubilation on the part of the victors.

Prominent leaders and members of the Republican party openly took sides, and fought with an energy and persistence which will be redoubled in

November, when both are allied against a common foe. Among those on the Mitchell side were Guy C. Earl, University regent, Charles E. Snook, attorney for the regents; Charles H. Spear, State Harbor Commissioner; Arthur H. Breed, City Auditor; Mortimer Smith, Police Judge and H. B. Mehrmann, Coroner; Frank W. Leavitt, State Senator; George W. Reed and others.

On the Randolph side were many prominent workers.

The precincts of the Fiftieth Assembly district, in which the battle took place, are located as follows:

Precinct No. 2, Fifty-first and Telegraph.  
Precinct No. 4, 4162 Telegraph.  
Precinct No. 5, Fort and Grove.  
Precinct No. 8, 955 San Pablo.  
Precinct No. 9, Northwest corner Thirty-fourth and Telegraph.  
Precinct No. 10, Bay and Telegraph.  
Precinct No. 15, San Pablo and Twentieth.

Precinct No. 25, 1922 Broadway.  
The returns from those precincts, showing Mitchell's majority are as follows:

Precinct	Mitchell	Randolph
Precinct No. 2	94	71
Precinct No. 4	32	25
Precinct No. 5	36	54
Precinct No. 8	121	87
Precinct No. 9	132	83
Precinct No. 10	129	110
Precinct No. 15	45	62
Precinct No. 25	14	37
Total	654	529
Majority	125	

News from the battle was received at THE TRIBUNE office, and thither hundreds of people in search of information wended their way after their evening meal. Among them were the principals in the fight, Messrs. Mitchell and Randolph and all their active lieutenants and friends.

There was gratification, of course, over the success of Mr. Mitchell, but it was not of a character to cause mortification to Mr. Randolph and his friends. The sentiment that the victory was a worthy one because the opposition had been earnest and manly prevailed and victor and vanquished mingled and talked the battle over.

About 8 o'clock a special edition of THE TRIBUNE, containing the salient features of the day's fight and the returns, appeared and was greeted with cheers and other evidences of appreciation both of the facts and the enterprise of the management of the paper.

Simultaneously with the appearance of the extra edition, which, by the way, was eagerly bought by hundreds of people, an excellent band serenaded THE TRIBUNE office for half an hour and their excellent playing conducted to an exaltation of feeling on all sides.

The Young Men's Republican Club of the Second Ward did much towards the victory achieved by John Mitchell throughout the Forty-ninth and Fiftieth Assembly districts. The club was organized two or three weeks ago in small quarters, with a membership of about twenty-five members, and now the club roll has a membership of 150. It endorsed John Mitchell at its first meeting. The club put its shoulder to the wheel and helped to roll Mitchell to victory.

The officers are: Walter Taylor, president; F. J. Hallahan, vice-president; Leander J. Murphy, secretary; A. Smith, treasurer.

Supervisor John Mitchell was seen this morning by a TRIBUNE reporter, and said:

"I have to say regarding the primary election that I made the best and squarest contest possible, and that I now desire to thank my friends for their ardent support of my candidacy. There are no sore spots so far as I am concerned. I am only sorry that I had to defeat so good a man as George E. Randolph.

"I will do my utmost to be elected. If I am returned to the office of Supervisor from the Fifth District I will continue to do my duty in the future as I have endeavored to do it in the past."

## BOY CONFESSES TO STEALING A WHEEL.

Police Sergeant Lynch last night arrested Adrian Heller, a 19-year-old boy at Clinton station on a charge of bicycle stealing. The boy first vigorously denied that he was in any way connected with the theft of a bicycle, but after being taken to the city prison he admitted that the wheel that had had him with him was stolen property. The wheel was taken from the residence of Lewis Bastian on August 8.

The police are making an effort to connect the young man with the numerous other thefts of bicycles which have been committed in the city. Thus far Heller has not confessed to any other crimes. For the past three weeks there have been from one to two wheels stolen a day. This is the first arrest that the police have been able to make in connection with the wholesale theft.

## HAS GONE TO EUROPE.

Mrs. Fannie Gillitt Thomas, formerly of Oakland but now of New York, left the latter city in company with her mother, July 30, on the steamer Lucania, for a visit to her brother and sister in London, England.

She will also make an extended trip through the old world.

**Secures Three-Quarters of the Delegates to the Democratic County Convention.**

The Laymance-English faction of the Democratic party put up a splendid contest against the machine at the primaries in Alameda county yesterday. They scored a complete victory, having won at least three-quarters of the delegates in Alameda county.

M. J. Laymance was interviewed by a TRIBUNE reporter this morning and made the following statement:

"For the last five or six years the Democratic party in Alameda county has been going from bad to worse, until it is almost impossible to organize them together for any kind of a Democratic fight. It is dominated by a 'one-man' power, who is using the organization for his own personal ends.

"The nomination of Alton B. Parker for President of the United States on the Democratic ticket at St. Louis was an inspiration that caused myself and friends to try and reorganize the Democratic party of this county and make a fight for the head of the ticket in the coming Presidential election. The only way to do that was to put new blood in the field at the primary election and try and control the Democratic county convention, which I am pleased to say that myself and friends have succeeded in doing.

Alameda county naturally has the second largest Democratic vote in the State. Every Democratic vote that is cast in this county means so much for carrying this State for Parker, which I am inclined to believe we have an equal show to do.

"In this contest there were no personalities. It is only for the good of the party and the Democratic ticket

that we are striving to do something. Yesterday, when our tickets were placed in the field, I was surprised to learn that there was a large number of Democrats who were pleased to know that there was to be a reorganization of the Democratic party in this county. We had no trouble in getting the necessary votes to carry our tickets at the polls. Let it be known that we are going to take an interest in the Democratic fight this fall."

Mr. Laymance was asked whether the San Francisco fight had any bearing on the Democratic contest in Alameda county, and said:

"None whatever. This was a separate and independent movement, which had nothing to do with the San Francisco movement."

Mr. Laymance has conducted three campaigns in Alameda county, acting as chairman of the Democratic committee for eight years. The first campaign was the Bond campaign. The second was for Cleveland when he ran the second time. In the Cleveland campaign he had the Democratic party in this county thoroughly organized, and only lost the county by 1700 votes. The last campaign that he conducted was the Budd campaign, and he only lost the county by 125 votes. In his regime he had one of the most perfect organizations of the Democratic party in this State.

The Board of Supervisors are canvassing the returns today.

The figures will show that the Laymance workers won the Forty-eighth, Forty-ninth, Fifty-first Alameda and many of the county districts. They are in complete control

## BURKE WINS FOR ASSEMBLY

**Defeats Morris Flynn in the Forty-Ninth Assembly.**

The contest in the Forty-ninth Assembly district between J. J. Burke and Morris Flynn was a lively and interesting one from start to finish.

During the day the workers of both sides did not lose a trick in getting voters to the polls.

It was a contest from the time the polls opened until they closed at 5 o'clock in the afternoon, with the result, as the vote shows that Burke won the election with a majority of six delegates.

Burke won the Second Ward with six delegates; Fourth Ward with five delegates; Sixth ward with four delegates.

Flynn won the Third Ward with nine delegates.

Flynn and Burke tied in the Fourth Ward from Center street to Bay, with eight delegates. Half of these votes go to each, making Burke win with nineteen delegates against thirteen for Flynn.

### THE VOTE.

Precinct No. 6, Thirty-fourth and Peralta streets—Burke, 106; Flynn, 64.  
Precinct No. 7, Thirtieth street and San Pablo avenue—Burke, 81; Flynn, 33.  
Precinct No. 11, Seventeenth and Peralta streets—Burke, 39; Flynn, 135.  
Precinct No. 12, Fourteenth and Market streets—Burke, 6; Flynn, 86.  
Precinct No. 16, 1718 Seventh street—Burke, 51; Flynn, 50.  
Precinct No. 17, 1554 Seventh street—Burke, 68; Flynn, 69.  
Precinct No. 18, 1256 Seventh street—Burke, 69; Flynn, 81.  
Precinct No. 25, 1256 Seventh street—Burke, 100; Flynn, 22.

In the above figures where it states that Flynn and Burke are tied in the Fourth Ward, it will take an official canvass to decide the question because it appears from the returns today that some of the delegates got more votes than others. This will result in a split delegation.

Mr. Burke will have at least five out of the eight in this district. This will increase his lead by one more delegate.

Mr. Burke was seen by a TRIBUNE reporter this morning and said: "I

## SIMPSON WINS IN ALAMEDA

**He Will be Nominated for Senator in Encinal District.**

ALAMEDA, August 10.—The primary election in this city passed off quietly yesterday, and the Bates-Simpson-Knowland combination won the contest easily.

Ex-Senator E. K. Taylor had an opposition ticket in the field, but he did not make a very large showing.

During the day the workers of both sides were active in the support of their tickets.

In some of the precincts there was some lively skirmishing.

When the votes were counted last night it was found that the Knowland ticket won easily. The total vote cast was 1174, of which 38 were for ex-Senator Taylor's ticket, and 720 for the Bates-Simpson-Knowland ticket.

This means that City Attorney Simpson will be nominated for Senator from Alameda to succeed Knowland, who will resign to accept the Republican nomination for Congressman from the Third Congressional district. Bates will be nominated for the Assembly without opposition.

"It is a hard-fought battle, and with the aid of my personal friends who worked zealously for my success, I won out. I want to thank them for their work and feel that my victory is due solely to them.

"I have nothing but words of praise for my opponent, Mr. Morris Flynn, and congratulate him on his extreme fairness in the fight."

## GUEST WHO STOLE MONEY IS CAUGHT.

Joseph Jones, who is a legged by George Petroff, a laborer employed on the Thirty-sixth street sewer, who has robbed him of \$26, was arraigned in the Police Court this morning on a charge of petty larceny. Jones pleaded not guilty and demanded a jury trial. Petroff swore that Jones had been discharged from the employ of the E. B. and A. L. Stone Company and that he had hung around camp for several days. Petroff allowed the prisoner to sleep in his tent. This kindness, says Petroff, was repaid by Jones stealing \$26.

## BARD IS TURNED DOWN IN LOS ANGELES.

**Both M'Nab and O'Brien Claim Victory in San Francisco—Oxnard Carries San Joaquin.**

Out of a total registration of 50,000 only 17,911 votes were cast in the San Francisco primary election. The Republicans polled 2010, the Democrats 7238, the Union Laborites 1435 and the Socialists 831.

The chief interest centered in the fight between the McNab and anti-McNab factions for control of the Democratic party. On the face of the unofficial returns, McNab appears to have won out by a narrow plurality, though the followers of James H. O'Brien assert that the returns when officially canvassed and corrected will give them the victory. According to the unofficial returns the McNab ticket polled 3702 votes in the city as against 3536 cast for the opposition.

As the McNab ticket was solidly supported by the Democratic officeholders with one or two minor exceptions, the opposition claims the result as establishing their contention that the organization only represents a small minority of the party voters.

If the McNabites control the convention, the chairman will probably be Thomas W. Hickey. If the opposition gets control, Charles J. Hegarty, the law partner of George A. Knight, will be chairman. The renomination of E. J. Livernash for Congress in the Fourth district seems assured in any event.

W. J. Wynn may be turned down, however, in the Fifth district.

On the face of the returns, the McNab faction has unquestionably elected eighty-four delegates against seventy-five for the Democratic League, with the nine delegates from the Forty-fourth district in dispute. If the League gets all the nine delegates from the Forty-fourth district, the vote in the convention will be a tie—standing eighty-four to eighty-four. The table below will illustrate the status of the fight:

In all but two Assembly districts, carried by the anti-Ruef Republicans, the regular Republican organization carried everything before it, securing undisputed control of both the Fourth and Fifth Congressional conventions.

The Good Government League, headed by the Hayes Brothers, administered a crushing defeat to Harbor Commissioner and Senator Oxnard in San Jose. Mackenzie and Oxnard only carried one ward in the city. How the legislative nominees will stand on the Senatorial question is a matter of conjecture, the Hayes Brothers being uncommitted as yet.

The Forbes-Cutter combination is in control of the Republican organization in Yuba county, but no Senator is to be elected in that district this year. From present appearances Gavin McNab, even if he retains control in San Francisco will be deposed as State boss when the convention meets in San Jose, the delegates from the interior being largely against him and the faction of which he is the leader.

INTERCEPT RUNAWAYS.

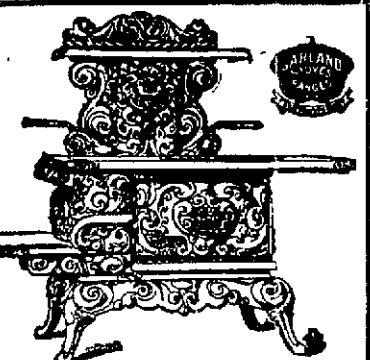

Albino Zita James Adagio and Frank Carlmango, three boys, all under 12 years of age, were taken into custody last night as run-aways. They reside in San Francisco and will be returned to their parents.

## The Moral Irresponsibility Plea

Some of the reasons the President so forcefully gives for declining to pardon or commute the death sentence of a negro convicted of an aggravated assault on a little girl apply with equal pertinence and force to the case of Charles K. Cannon, a wealthy resident of New Jersey, convicted of improper conduct with little girls. Cannon was sentenced to fifteen years imprisonment for his beastly crimes. His attorneys, relatives and personal friends have filed a petition for a commission to inquire into the sanity of the condemned man, setting forth in affidavits the reasons for their conclusion that he is of unsound mind. The reasons given for no means make out a prima facie case, and are far from having the aspect of good faith. Nobody suspected Cannon of being mentally unsound till his conduct was exposed and he fell under the ban of the criminal law. Many people assume that he must have been crazy to commit the crimes charged against him—an inversion of every principle of logic and every established rule of evidence. On this point, the President, in passing on the case of the negro Burley, says:

"Nobody would pretend that there has ever been any such degree of mental unsoundness shown as would make people even consider sending him to an asylum if he had not committed this crime. Under such circumstances he should certainly be esteemed sane enough to suffer the penalty for his monstrous deed. I have scant sympathy with the plea of insanity advanced to save a man from the consequences of crime, where unless the crime had been committed it would have been impossible to persuade any reasonable authority to commit him to an asylum as insane. Among the most dangerous criminals, and especially among those prone to commit this particular kind of offense, there are plenty of temper so fiendish or so brutal as to be incompatible with any other than brutish order of intelligence; but these men are nevertheless responsible for their acts, and nothing more tends to encourage crime among such men than the belief that through the plea of insanity of any other plea it is possible to escape paying the just penalty of their crimes."

Nobody would assert that Cannon's mind is in such a condition as to warrant locking him up in a madhouse. Yet a mad-dog at liberty would not be as great a menace to society as he. He was perfectly competent to attend to large business affairs, and to move among his acquaintances as a man of sound mind. Yet when he is detected in the commission of a revolting crime, immunity is claimed for him on the ground that he is mentally unbalanced. His irresponsibility therefore reaches no further than irresponsibility for criminal acts. To admit such a plea is to deprive society of all protection from such a man. Society can neither punish such a man nor protect itself against him—a proposition abhorrent alike to common sense and to the legal axiom that the law affords a remedy for every evil. But Cannon's own conduct clearly indicated that he realized the consequences of his offenses. He knew the penalties to which he laid himself liable, and took precautions to shield himself from them. It is idle to claim that such a man is so mentally infirm as to be unable to distinguish between right and wrong, and the President bluntly says so. It is not likely, however, that the law—or rather its ministers—will present the same stern front to the rich white man Cannon that it presents to the negro vagrant Burley. That the President would do the same in the one case as in the other admits of no question, but the hocus-pocus in the Cannon case is being applied in the State courts of New Jersey.

A "hot primary" generally means that it is a cold day for somebody.

The problem before the Democratic managers is how to get the aid and money of the trusts for Parker while giving to Roosevelt their bad name.

According to statistics recently compiled by the Department of Commerce and Labor, the per capita cost of government in New Zealand is greater than the per capita cost of government in any other country. But, then, the New Zealanders get more government for their money than any people on earth. Some of them think, however, that a good deal of what they get is not worth what it costs. On the other hand, the per capita cost of government in Russia is very low, yet the people there think they are getting too much for their money. Some people are so hard to please.

Now that Judge Gray has endorsed Judge Parker, the country is only waiting to see the size of Uncle Henry Davis' campaign contribution to go about its business.

"Business is picking up," says a contemporary. Naturally; the odds are two to one on Roosevelt. Its just two to one that times will be good for the next four years.

The Sacramento milkmen have formed a trust and agreed, so the Bee says, to raise prices and abstain from taking customers away from one another. A newspaper man who got dissatisfied with his milkman attempted to change off, but nay, the combine said he must take milk from the original purveyor or furnish his own chalk and water. The Bee considers this outrageous. It is, and more. It is singular. Why a Sacramento newspaper man should want milk when there are so many saloons open in town passes comprehension. But Sacramento always was a queer town.

The Alameda Argus takes it for granted that the State Board of Equalization will raise the assessment of Alameda County, as it did last year. We hope not. It would be a piece of rank injustice. Last year's raise left a bad taste in the mouths of Alameda taxpayers, and a repetition of the dose is likely to provoke an outburst of indignation. This county will not stand too much "politics" of that kind, and instead of acquiescing in advance in the scheme to cinch Alameda taxpayers, our contemporary on the other side of the harbor would do better to give the equalizers to politely understand that the program will not be taken without some lousy kicking. We look to the member from this district to do us justice, at least once in a while.

## The Exodus From Finland

It is stated that 200,000 Finns have come to the United States since the Czar abrogated the ancient constitution of Finland and inaugurated stern repressive measures to Russianize the people of the province. The Finns are also emigrating in great numbers to other countries. In the meantime trade and industry are languishing and a feeling of unrest and discontent prevails the entire Finnish people. It is the younger and more adventurous of the better class of Finns that are seeking homes in other lands. Thus history is repeating itself, while despotism remains blind to the lesson. The calamities that fell upon Spain as a result of the expulsion of the Moors and Jews were repeated in France when the Huguenots were driven into exile by the repeal of the Edict of Nantes. Before Finland felt the heavy hand of Russian tyranny, it was the most thrifty and progressive province of the Czar's realm. Nowhere in the empire was education so general and industrial activity so pronounced. But all is now being changed for the worse. Free education and enterprise are being stifled, and the flower of the Finnish manhood is being driven into exile to make room for apathy, squalor and superstition. Prosperous and measurably free, Finland was loyal to the core. Unprosperous and oppres-

sed, it is a hotbed of disloyalty and discontent. The Czar is ravaging one of the fairest spots in his domains.

The result of the primary election in Los Angeles county is a terrible setback to Senator Bard's aspirations to succeed himself. By a sweeping majority the Republican voters of the Southern metropolis repudiated Mr. Bard's candidacy. As Oxnard put no ticket in the field to divide the opposition with Flint, the issue was squarely on the proposed endorsement of Bard. That issue has been unequivocally decided against the incumbent. In consequence, a decisive majority of the legislative candidates south of Tehachapi will favor Flint or Oxnard as against Bard. With his own particular section of the State against him, Senator Bard's chances of re-election look very small.

## Hints for the Ladies.

A novelty in collar is that in white linen, a flower design cut out over a band of green velvet giving it a certain catchet and style.

Pretty pin cushions are made to hang on the wall. A particularly pleasing device shows a pair of Cinderella slippers, which may be made from kid or silk and stuffed with cotton or bag. For the pins the cover is of silk and, on the side devoted to hairpins the cover is crocheted in fine zephyr.

On many of the elaborate summer costumes, a necklace of sole flower trimmings is used. This adornment is dainty and extremely easy to make. All one has to do is to cut the material on the cross about four inches wide, fold it double and twist round and round to simulate a full-blown rose. Lump stems of different lengths are supplied by thin silk cord.

The handwork of the moment are the brocade d'Angles, a velvet embroidered with the Harlequin lace, and motifs built of chiffon and fagoting, all of which will play a large part in the building of fall blouses. Harlequin lace is a quaint combination of sampler stitches and drawn work. It will be much seen on voile and etamine blouses for early fall.

A prudent person is the lady of the needle, for with her summer wardrobe complete she gets dainty stitches in mysterious bits of silk, chiffon and cashmere, which will appear later in her fall blouses. In the meantime, covered baskets at her elbow are stumped collars and cuffs, or perhaps a girdle or a bertha, and a bewilderingly beautiful collection of mercurized floss and heavy silks—all to be woven into sartorial treasures by the practical summer girl.

Any girl possessed of a long pair of discarded evening gloves can make herself a suede belt by simply ripping up the seam and cutting off the hand. The glove is then the right shape for the piece when opened out and the two pieces joined in the center. Line the glove with silk cut on the cross, turn over the edges and stitch them on the machine. Also stitch the back and finish it with three gold bosses or flat buttons, covered with kid from the other glove. Another way of finishing is to tie the kid into three or four small bows.

For porch work the family embroiderer delights in marking handkerchiefs and in having she makes a fan. Instead of the monogram on the handkerchief, she stamped on the linen, she stitches the handkerchief over her embroidery hoops, and in the very center, or in one corner, she writes, in a delicate hand, the Christian name of the owner. This she covers with a solid satin stitch in white mercurized cotton. If the handkerchief is all white, if the hem or design is in pale colors, such as blue, pink, blue or green, the name is embroidered in corresponding tint.

To make a handkerchief bag cut circles of cardboard seven inches in diameter and cover one side of each with silk. Cut two widths of silk thirteen inches in length and overcast them to gether at selvage. Gather one end and overcast it in the covered circular pieces, with the raw edge inside, thus forming the bottom of the bag. Gather the let with a half inch heading. Fit an embroidery hoop in a casing at the top. This will keep the handkerchief in place.

## ARMY AND NAVY.

Gen. Wood's campaign in Mindanao last April against the Igorots required some stiff fighting. Many of the Igorots, or Moro forts, were a wonderfully strong and ingenious in their defenses, especially that occupied by the Sultan of Maraut. They were surrounded for quite a distance with hidden traps—large deep holes covered over by living shrubbery and filled with water, with sharpened bamboo spears in the bottom pointing upward, a most ingenious and sharp steel trap. In falling into one of these would have been pierced through. Then came a ditch filled with water and more bamboo spears, from twenty to fifty feet wide and eight to twelve feet deep. Sometimes there were two lines of ditches. Then a solid parapet, loop-holed, ten to twelve feet high, six to eight feet thick at the base and tapering to three feet at the top, surrounded by bamboo palisades and abatis. On the top of this they all had mounted ancient cannon of little efficiency.

In 1890 only about 30 per cent of the enlisted men in the American navy were natives of the United States, but in 1903 the proportion of natives had risen to more than 50 per cent and the chances are that this year will see an excess of 55 per cent. These figures

## Asthma and Hay Fever Cured.

The truly marvelous cures of Asthma, which are being effected by Dr. Schiffmann's Asthma Cure call for notice.

Rev. G. L. Taylor, of Washburn, Ill., says: "Some 7 years ago my wife used several packages of your Asthma Cure which resulted in a permanent cure." Hay Fever sufferers write: "I have been a sufferer from Hay Fever for over 20 years, and it seemed harder every year. The first night I used your Asthma Cure I was greatly relieved. It cured my cough after using a few times. I shall recommend it to all sufferers of Hay Fever." Mrs. Martha Simerson, Laingsburg, Mich., sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. E. Schiffmann, Box 905, St. Paul, Minn., for a free trial package.

# Harvest Sale

Nothing but progress to report. The Sale goes merrily on, gaining force and power each day. Strong interest is being taken in the voting contest for the award of the Panama Canal Model. All customers, you know, are voters. But the principal cause of the excitement and success is the wonderful values we are offering. This Sale marks a new era for Oakland. Come, and you'll see why.

## Auxiliary Sale of Walking Skirts

Thursday, Friday and Saturday

For this Sale we offer two lots, both of them exceptional snaps picked up by our New York buyer and rushed through to us by express. He writes that they are advance fall styles, but the materials proved to be too light for Eastern fall weather—hence their sacrifice to him.

You'll find them to be just what you want for our mild fall weather. We have never before been able to present so attractive a proposition in walking Skirts. Don't let the opportunity pass.

\$7.00 Walking Skirts, \$3.95

They are the new kilted effect styles in a magnificent quality of mohair, in shades of blue, brown and Oxford grays. There's no skimping of materials, no slighted workmanship, no overlooked details. They are garments we could make a reputation on at \$7.00. See them at once while assortments of colors and sizes are full.

\$7.50 Walking Skirts, \$4.95

Sixteen gore plaited walking Skirts of all-wool mixtures—great values at \$7.50—and now you have only \$4.95 to pay. The styles you'll like, because they're new. The value you'll appreciate because it's so evident. You've never before had an opportunity to get so much for the price.

will believe, therefore, that he was trying to get at the truth. Powers has been three times convicted. One of his accomplices testified to his guilt on his last trial. Three juries decided that there was not a reasonable doubt that he was one of the conspirators whose hands are stained with the blood of William Goebel. And yet here comes a man named Adams, representing a supposedly respectable magazine, and defends in its pages a convicted murderer. It is no wonder that Mr. Watterson, in concluding his indignant editorial, says that the magazine "stands as a suspect, either as the accomplice of murder, or else as a paid assassin of the character of a God-fearing people and a noble Commonwealth."—Indianapolis Sentinel.

## SEMINARY ELECTS TRUSTEES.

PROF. H. D. M'ANENEY IS CHOSEN  
PRESIDENT OF BERKELEY  
BIBLE SEMINARY.

BERKELEY, August 10.—Rev. W. M. White of San Francisco, Rev. A. C. McKeever of Fresno and Rev. A. C. Smither of Los Angeles were selected trustees at the recent annual meeting of the Board of Trustees of Berkeley Bible Seminary. The board consists of nine members, three of whom retire each year. The hold-over members are Prof. A. M. Elston, Berkeley; Lyman McGuire, Saratoga; Prof. S. Sturges and Hon. E. L. Bridgford, San Francisco; Prof. H. L. McAnaney, Oakland and Prof. W. H.

At this meeting Prof. H. D. McCauley was unanimously elected president of the Theological Seminary at Berkeley. President McCauley received his literary training in Drake University, Des Moines, Iowa, graduating in 1890 with the degree A. B. Subsequently he took post graduate work in the same institution and received the M. A. For the past eleven years he has been identified with the educational interests of the Christian Church in California. He was president of Hesperian College, Woodland, up to the time he retired upon the work of raising the newowment to his independent Seminary, to be independent.

fatigable efforts in this field the seminary owes its present existence. Up to the present the seminary has not been able to pay its administrative duties of the school have been borne by Dean Van Klerk, who will hereafter devote himself wholly to the work of teaching.

The Berkeley Bible Seminary is situated at Berkeley and is the theological school of the Christian Church of California. It was established eight years ago and has constantly grown in size and importance. The church in the State, its endowment is being rapidly increased, and it is expected that a splendid new seminary building will

be effected in the near future for the increasing needs of the school. The success of the school in the past year under the efficient management of Dean Van Kirk was the greatest in the history of the institution.

The Christian Church (or the Disciples of Christ, as they are sometimes called) is a strong and rapidly growing body and under its auspices and with its hearty cooperation the Wesleyan Seminary seems destined to become one of the very strongest theological schools of that religious body.

**MINING CONGRESS TO MEET.**  
**PORTLAND, Or., August 10.**—The program has been completed and will be made public today for the American Mining Congress whose sessions will take place in this city from August 22 to 27. The list of speakers includes many of the leading mining men in the country, and from the character of the subjects that have been selected

for the addresses, the promise that the coming congress will be the most important in the history of Oregon may well be expected to be fulfilled. Although the day set for the opening session is yet several weeks off, candidates for next year's congress are appearing in numbers. The first was received about the middle of July and was from Cincinnati, Ohio. More ambitious than these are Denver, Salt Lake, Omaha and several other cities of the Middle West who have aspira-

things to become the permanent home of the congress. Edward C. Rehnert, editor of the Daily Mining Record of Denver is here looking after the interests of his city. According to Mr. Rehnert, Denver has the lead in the race and will make every effort to stay there.

## PERSONAL AND PLOT DISCOVERED IN TIME.

LADIES OF LYONS RELIEF CORPS  
GIVE A JAPANESE  
TEA.

The ladies of Lyons Relief Corps gave a Japanese tea yesterday at Lorin Hall for the benefit of the relief fund.

The attendance was large and the affair a decided success, both financially and in appointments.

In one corner of the hall was erected a large Japanese tea booth which was gorgeously decorated with appropriate ornaments, exclusively of the Orient, fans, costumes, umbrellas, pictures, lanterns and streamers. From this booth tea was passed out to the many individual tables placed in the center of the hall. The tables were furnished with dainty paper napkins and covers in keeping and single bouquets of corresponding brilliant hue.

Preceding a very appreciative program eight ladies who were appointed to serve tea, dressed in costume, marched into and around the hall, dog-stopping to the time set by the music of "The Mistle" played by Mrs. A. Kemp.

The ladies were Mrs. Ella Wilson, Mrs. Rose Dorsey, Mrs. Ella Shepard, Mrs. Madge Henderson, Mrs. Ellen Lewis, Mrs. Eliza Kennedy, Mrs. Margaret Keaso, Mrs. Cora A. Meritt. After a few words of welcome the president, Mrs. Ella Wilson, announced the different numbers of the program as carried out: Piano duet, "The Dance of the Dragons," Mrs. A. Kemp and Mrs. Gladys Kemp; soprano solo, "A Japanese Love Song," Miss Lillian Smedley, accompanied by Miss Josephine Gill, reading, "The Booby," Mrs. Maude Henderson; recitation, "The Japanese School," (San Francisco), by Miss Lake, who has the work in charge; violin solo, Mrs. John Coombs, accompanied by Miss Mattie Capell, Mrs. Frances A. Williamson read a very interesting and instructive paper on Japanese Art.

The committee having the entertainment in charge was Mrs. Rose Dorsey, Mrs. F. Chillingworth, Mrs. Liza Shepard.

**CHURCH WEDDING.**  
With the ceremony of the German Lutheran Church, which employed the German language and two wedding rings, Miss Margaret Meyer of Sacramento, and Charles A. Colmore, clerk of the agricultural experiment station at the University of California, were married Monday evening at the home of Professor Arnold V. Stuenkel, 1741 Walnut street, Berkeley.

The parties were elaborately decorated and the dining room where the wedding breakfast was served, was similarly transformed. J. Edwin Roadhouse was best man and Mrs. Stuenkel, the bride's sister, acted as maid of honor.

A solo of "Old Song Auld," was the ring bearer. Rev. Charles Oehler of Sacramento performed the ceremony.

**OUTDOOR DINNER.**  
Dr. and Mrs. George Todolph entertained on Friday evening at an outdoor dinner given in their garden in honor of Dr. and Mrs. George Todolph.

The guests included Dr. and Mrs. George Todolph, Mr. and Mrs. Nelson A. Koser, Mr. and Mrs. Vernon Walcott, Miss George Strong, Miss Cora A. Meritt, Mrs. Emmet Nicholson, Miss Harriet Emma Knight, Miss Ada Bates, Charles D. Bates, Mrs. A. Kemp, Mrs. Liza Shepard, Mr. and Mrs. Chas. Gray, Mr. and Mrs. William Hamilton Morrison.

**WEDDING DAY SET.**  
The wedding of Miss Estelle Howett and Albert Howett will take place in the Centennial Presbyterian Church, on Twenty-fourth avenue, East Oakland, about the middle of August.

The bride is the daughter of the Rev. R. C. Stone who is to officiate, returns from his vacation, having lived here since her early childhood. Owing to the death of her mother about a year ago, the wedding will be a quiet affair. The bride will wear a simple white tulle gown and will be attended by her cousin, Miss Estelle Howett, as maid of honor.

After a honeymoon tour the couple will make their home in East Oakland.

**GAVE A DINNER.**  
Mrs. Wellman of Fruitvale was 12-convicted hostess at a dinner party. Her guests were Benjamin Marx of Honolulu, Professor H. W. Henshaw of Illinois, Miss Elmer Moore, Dr. Chas. Gray, Mr. and Mrs. Beardsley, Mrs. Wellman and Mrs. Wellman. Dr. Chas. Gray returned last week from a two years trip in India, China and Japan. She is a noted traveler and is possessor of a fine collection of curios.

**CAMPING PARTY.**  
One of the merriest camping parties of the summer was entertained by Mr. and Mrs. William Aldrich and spent a delightful month at Shasta Retreat. A little over a week ago, a group of pleasant trips were made to many points of interest on Mount Shasta. Some of those in the party were Mr. and Mrs. C. H. Muller of San Leandro, Miss Ada Hatfield, Mrs. Hatfield, George Mansfield, Mabel McKean and Mrs. McKelligan.

**BRIDGE PARTY.**  
Miss Elizabeth McKean was the hostess this afternoon at a very pleasant bridge party given informally at their home on Linden street, among the players were Mrs. Victor McKean, Miss Violet Nicholson, Miss Violet Whitney, Miss George Strong, Mrs. F. P. Bowles and Mrs. William Hamilton Morrison.

**MRS. GASKILL HERE.**  
Herbert Gaskill arrived from Denver, Colo., a few days ago. Mrs. Gaskill has been spending the summer here with the Dr. Edward Collins family and will return to her Denver home with Mrs. Gaskill, who expects to make a short stay here. The Gaskills will be guests at the dinner next Thursday evening given by Mr. and Mrs. George Lackie. On Friday evening Mrs. D. Edward Collins will entertain a few friends in their home.

MARTIAL LAW IS PROCLAIMED IN PARAGUAY AND MANY ARRESTS MADE.

NEW YORK, August 10.—A dispatch from Asuncion, Paraguay, says the Government has discovered, according to the Herald's Buenos Ayres correspondent, a plot to proclaim a revolution on the arrival of the steamer Sajonia, which sailed from La Plata on August 1. The Government has made many arrests in connection with the case and has proclaimed martial law.

The Argentine Minister in Asuncion and the Paraguayan Minister in Buenos Ayres have requested the Argentine Government to detain the Sajonia, but it is believed the steamer already is beyond Argentine jurisdiction.

Investigation has disclosed that the Sajonia is carrying 450 men, among them being several alleged Paraguayan officers. There is also a Krupp gun on board.

Elías García, alleged to be chief of the expedition, has held an important post under the present administration. Although a Paraguayan, he is now police commander of La Plata.

**BLOCH IS NOW INSANE.**  
NEW YORK, August 10.—Godfrey Bloch, who died from the Federal authorities nearly two years ago rather than tell of his connection with the alleged silk frauds which involved the firm of A. S. Rosenthal & Co., is reported to have become insane and is now an inmate of a sanitarium in this State. His condition is said to be hopeless.

Bloch disappeared in October, 1902, when the case was pending before the Grand Jury, and it was then said that he had gone away by order of his physician in an attempt to regain his health. He was later located in Montreal, but soon left that place and went to Lyons, France.

His family joined him there. Bloch had been acting peculiarly as a result of mental anxiety and it was found that his brain had given way. Members of the family communicated with the Federal officials, and in view of the man's unfortunate plight the promise was given that if he were placed in a retreat no further proceedings would be taken against him. Rosenthal, head of the firm, disappeared while Bloch was in the United States, and the alleged irregularities involved imports of silks valued at millions of dollars, which were said to have been undervalued by an appraiser. Bloch was stated to have been a silent partner in the firm.

**NEWSPAPER READER FOR SEPTEMBER DESIGNER.**  
No feminine interest has been neglected in the September "Designer." The Governor's Cup d'Etat, for the romantic, "Two Girl Camera Gunners on Cape Cod" for the nature lover, a shadowy pantomime, "Aristic and Orpheus," for the amateur actor, and "Hardanger Em-broidery" for the needle worker.

Things for the Lace Maker, and "Modern Use for Old-Time Stitches," for the fabric worker. Practical and valuable are "The Evolution of Green Help into Competent Servants," and "When the School Bell Rings," the latter illustrating and describing comfortable and stylish garments for the schoolboy and girl.

Autumn fashions are given in this issue in abundance, and the millinery designs are chosen with special reference to the season. The making of the new jacket with waistcoat is lucidly described in "Points and Dreaming," a thoroughly up-to-date department in "The Designer," which keeps its readers in touch with all the latest sartorial wisdom.

Those in search of the novelties in the entertainment line will appreciate Rosalie Dawson's suggestions for "A Radiant Party," and "The Evolution of Green Help into Competent Servants," and "When the School Bell Rings," the latter illustrating and describing comfortable and stylish garments for the schoolboy and girl.

## MEETING OF THE MERCHANTS.

OAKLAND WILL HAVE A STONE IN THE SLOOT MONUMENT.

An invitation was received by the Merchants' Exchange last evening from the Labor Day celebration committee to participate in the parade of September 5. Carriages were promised for all who wish to attend. The committee was informed that the Exchange accepted the invitation and would state later how many carriages were desired.

The Native Sons' celebration committee was given permission to hang a bear flag in front of the Exchange office.

The committee on the matter of an all-night ferry service reported progress.

Chairman Sonst of the Telegraph avenue committee reported that he had talked to Councilman Meese in regard to the protest made against increasing the width of the sidewalks on the avenue from sixteen feet to twenty feet.

Mr. Meese had told him that the matter last spring was passed by the Council last spring with no protest from anyone. He believed that it was too late to do anything in the matter now.

Remarks were made by Messrs. Davis, Weibye and Morgan on matters of interest. The latter in the course of his remarks, mentioned the fact that prices at St. Louis where he has just returned, are no higher than right here at home. He gave a few examples to illustrate this fact. He also took occasion to compliment the commissioners and the county on the excellence of the exhibit at the Exposition.

With all the eloquence that he could command, Major E. A. Sherratt made another appeal last evening to the Merchants' Exchange to appropriate the sum of \$200 to put a stone into the Sloat monument.

He also took occasion to compliment the commissioners and the county on the excellence of the exhibit at the Exposition.

Major Sherman's remarks were called forth by the report made by the finance committee, to which the mal-

ler had been referred, that they had reached no conclusion in regard to the subject. This brought the old soldier to his feet to say:

"I had hoped to come here tonight and hear a favorable report in this matter that you all know is nearest to my heart. I had hoped to hear a decision to the effect that this body had decided to do its right and bounden duty by furnishing a stone to the Sloat monument. You can imagine my disappointment, gentlemen, when I heard you say that nothing had yet been done.

In this recent celebration of the birth of this nation you gentlemen showed the measure of your patriotism. I want to ask you if you think that you are fulfilling that measure if you neglect this opportunity to remember the man through whom, more than any other, the birth of your State was possible? Do you think that you are living up to the standard that you have set for yourselves if you do not do all of your duty in this matter?"

"I cannot see how you can think of the brave commander that helped to give you California and refuse to put a stone into the monument for his memory. You cannot appreciate how much this means to us who fought and bled at his side. We knew him and loved him, and have the duty to his memory until we have given all there is in us. I shall never make another appeal to any one in this matter if you gentlemen fail to give this amount. I shall then think that there is no love of State among Californians, and their thoughts and ambitions are all centered in themselves, that their State is of little value to them."

"Gentlemen, I ask you but once more, will you do your duty?"

**COOPED UP FOR FIFTEEN YEARS.**  
NEW YORK, August 10.—Mrs. Therese Born, 81 years old, and her son, Paul, 40 years old, have been removed to a hospital from a back room in a Bleeker street house, where they had existed fifteen years without having set foot in the street.

The son saw a trolley car for the first time while on his way to the hospital and he became greatly excited when he was carried to a room there in an elevator.

Fifteen years ago Paul fell sick. He was attended by his mother and when their means failed they were sustained by agents of various charitable organizations and by neighbors. Recently, the mother was stricken with paralysis and Paul's condition rapidly grew worse from lack of food and care. Finally neighbors became alarmed and notified the authorities, who removed the invalids to the hospital none too soon.

**COMPANY FREE FROM ALL CLAIMS.**  
PORTLAND, Ore., August 10.—The Puget Sound Navigation Company, the owners of the steamer Clallam, which sank during a storm in the straits of Juan de Fuca January 5, 1904, with forty-two passengers and ten of her crew, has been released of liability for damages on account of the accident by United States District Judge C. B. Bellinger.

The steamship company, recently under a provision of the Federal statutes, filed a petition in the United States District Court asking for a limitation of liability which might result from damage claims filed by relatives and heirs of persons who were owned in the cargo.

The petition alleges that the value of the steamship and freight, immediately after the accident was \$296. No claims, however, were ever presented and the claimants, after legal time to take action, were declared in default. The decree states that the company is forever discharged and all parties are restrained and enjoined from presenting demands.

**GARMENT WORKERS STRIKE IN CHICAGO.**  
CHICAGO, August 10.—The executive board of the Garment Workers' Union has agreed to endorse the strike of the cutters and will call out all the union members whether men or women, today.

This action means that 6000 to 7000 tailors will be made idle. When the cutters quit on a technical agreement over hours of labor and wages it was not thought serious by the employers, for it was the dull season and few large orders were on hand.

The calling out of all the garment workers has put a different phase on the affair and it now seems likely that the cutters, having won their point with the executive board, will be able to tie all the shops in the city and seriously embarrass the fall trade.

**MRS. NATION DONATES.**  
CHICAGO, August 10.—A dispatch to the Inter-Ocean from Richmond, Ind., says: "Carrie Nation, the temperance advocate, has put a check for \$1500 to the Home for Wives of Drunkards at Topeka, Kas., as a personal gift. Mrs. Nation maintains her activity and she still carries marks of the recent encounter with saloonkeepers in Kentucky, when she was assaulted in a saloon."

**SCROFULA**  
Swollen glands, tumors, whitening, sores, pustular or scaly skin eruptions, flabby muscles, weak digestion, emaciated, ill-nourished bodies, are some of the well-known earmarks of Scrofula. Scrofula is inherited. Parents too closely related by the ties of blood, or tainted with consumption or blood-poison, may look for signs of Scrofula in their children. The middle-aged often have it, but children are the chief sufferers. Scrofula breaks down the vital forces, and the blood becomes so weak and poor that it does not nourish the body. The remedy in all scrofulous affections must be one that purifies the diseased blood, builds up the weak digestion, increases the appetite and gives new energy and strength to all life's forces. No medicine has won so much fame as a blood purifier as S. S. S., and its tonic effects upon the system are not equaled by any other remedy. It makes the weak, tainted blood rich and strong, and drives out of the circulation all tubercular deposits and morbid matter that cause the glandular swelling, sores, abscesses, tumors and other horrible symptoms that make Scrofula so dreaded and dangerous.

Write us fully about your case. Medical advice will cost you nothing.
